Zuzibo

Parent Information Letter

Dear Parent,

We recommend the Zuzibo app so that our children can reinforce what they learn in class at home, while having fun.

Zuzibo is a free educational app offering lessons, games, stories and activities from preschool to 4th grade, created in line with the national curriculum of the Turkish Ministry of National Education.

- Completely free; no ads and no in-app purchases.
- Collects no personal data; no account or sign-up required.
- Works without an internet connection.
- You set the daily usage time; settings are protected by a parent PIN.

You can download the app for free as **"Zuzibo"** from the App Store or Google Play. More information: **www.zuzibo.com**

zuzibo.com

We recommend exploring it together with your child and preferring short, regular use.

Kind regards,

Class Teacher
